All owners by purchasing property subject to this Declaration acknowledge that a violation of any such provisions could result in irreparable harm and damage to Owners or property in the Project and Declarant, and to the values of their properties, a monetary measure of which harm and damage would be difficult to establish. Accordingly, the Association shall have the specific right (but no obligation) to enforce and/or to prevent any violation of the provisions contained in this Article VI by proceeding at law or in equity against the person or persons violating or attempting to violate any such provisions. (30) business day period, it shall be conclusively presumed that the Architectural Control Committee has approved such conforming plans and specifications and other submittals, EXCEPT that the Architectural Control Committee has no right or power, either by action or failure to act, to waive or grant any variances relating to any mandatory requirements specified in this Declaration or any Supplemental Declarations, and EXCEPT FURTHER, that the Architectural Control Committee shall not be deemed to have waived any of the requirements set forth in Sections 8, 9 and 10 below. If plans and specification or other submittals are not sufficiently complete or are otherwise inadequate, the Architectural Control Committee may reject them as being inadequate or may approve or disapprove part, conditionally or unconditionally, and reject the balance. The Architectural Control Committee is authorized to request the submission of samples of proposed construction materials.

In any case, however, such variances shall be in basis conformity with and shall blend effectively with the general architectural style and design of the community and shall not materially change the scheme of restrictions herein set forth. Written requests for variances, to the after promulgated guidelines only, shall be deemed to be disapproved in the event the Architectural Control Committee has not expressly and in writing, approved such request within thirty (30) business days of the submission of such request. No member of the Architectural Control Committee shall be liable to any Owner for any claims, causes of action, or damages arising out of the grant or denial of any variance to any Owner. Each request for a variance submitted hereunder shall be reviewed separately and apart from other such requests and the grant of a variance to any Owner shall not constitute a waiver of the Architectural Control Committee's right to strictly enforce the covenants, restrictions and architectural standards provided hereunder or under any Additional Declaration, against any other Owner.

Section 8. Fees Required by Architectural Control Committee. The Architectural Control Committee, in its sole discretion, may require that each Person submitting plans and specifications for Improvements to the Architectural Control Committee pay one or more fees to the Architectural Control Committee or to Declarant as a condition to commencement or construction of such Improvements. Every person who submits plans or specifications, and every owner, agrees that he will not bring any action or suit against Declarant, the Association, any Association, the Architectural Control Committee, the Board, or the officers, directors, members, employees, agents or affiliates of any of them, to recover any such damages and hereby release, demises, and quit claims all claims, demands and causes of action arising out of or in connection with any judgment, negligence or nonfeasance and hereby waives the provisions of any law which provides that a general release does not extend to claims, demands and causes of action not known at the time the release is given. Section 8. Regulation. Reasonable regulations governing the use of the Common Area may be made and amended from time to time by the Board of Directors of the Homeowners Association; provided, however, that all such regulations and amendments thereto shall be approved by a majority vote of the Owners before the same shall become effective. Copies of such regulations and amendments thereto shall be furnished to each Member by the Homeowners Association upon request.

Section 9. Nuisances. It shall be the responsibility of each Owner and Occupant of a Lot or Tract to prevent the development of any unclean, unhealthy, or unkempt condition on his or her property. No Lot or Tract within the Properties shall be used, in whole or in part, for the deposit, storage or burial of any property or thing that will cause such property to appear to be in an unclean or untidy condition or that will be obnoxious to the eye; nor shall any substance, thing, or material be kept that will emit foul or obnoxious odors or that will cause any noise or other condition that will or might disturb the peace, quiet, safety, comfort, or serenity of the occupants of surrounding property. No noxious or offensive activity shall be carried on upon any Lot or Tract, nor shall anything be done tending to cause embarrassment, discomfort, annoyance, or nuisance to any Person using any property with the Project. There shall not be maintained on any Lot or Tract any plants or animals or device or thing of any sort whose activity or existence in any way is noxious, dangerous, unsightly, unpleasant, or of a nature as may diminish or destroy the enjoyment of the Project. Without limiting the generality of the foregoing, no speaker, horn whistle, siren, bell, amplifier or other sound device, except such devices as may be exclusively for security purposes, shall be located, installed or maintained upon the exterior of any Lot or Tract unless required by law.

Section 10. Temporary Residence. No trailer, basement, tent, shack, garage, barn, or other outbuilding erected on the tract shall be at any time used as a residence temporarily or permanently, nor shall any structure of a temporary character be used as a residence.

Section 11. Satellite Dish Antennas. No satellite dish antenna shall be erected, installed, or in any way placed on any Lot in excess of 21" in diameter. Any such antenna shall only be maintained so as not to be visible from the front street.

Section 12. Harmony of Structures. No structure shall be constructed or moved onto any Lot unless it shall conform to and be in harmony with existing structures in the tract, and approved as provided hereinbefore Article VII.

Section 13. Easements. A perpetual easement is reserved over the rear ten (10) feet of each Lot for utility installment and maintenance and/or as shown on recorded map. A perpetual easement is reserved over the side five (5) feet and rear ten (10) feet of each Lot for public storm drains and/or as shown on record map.

Section 14. Signs. No sign of any kind shall be displayed to the public view on any Lot except one (1) professional sign of not more than one (1) square foot; one (1) sign of not more than five (5) square feet, advertising the property for sale or rent; or one (1) sign not more than four (4) feet by eight (8) feet used by a builder to advertise the property during the construction and initial sales period.

Section 15. Animals. No animals, livestock, or poultry of any kind shall be raised, bred, or kept on any Lot (except those lots that may exceed 3 acres in total area) except that dogs, cats, or other

customary household pets may be kept, provided that they are not kept, bred, or maintained for any commercial purpose, do not exceed three (3) in number, and are confined to the property or kept on a leash.

Section 16. Trash Disposal. No Lot shall be used or maintained as a dumping ground for rubbish, trash, garbage, or waste and same shall not be kept except in sanitary containers. All equipment for the storage or disposal of such material shall be kept in a clean and sanitary condition.

Section 17. Fences. No fences shall be erected on any Lot nearer to any street line than the building setback line shown on the recorded map. Nor shall any fence be erected except in accordance with the Architectural Control provisions of Article VII hereof. No fence of greater height than six (6) feet will be allowed in the subdivision except on the perimeter of the subdivision as approved by provisions within Article VII. No fence shall be allowed on any lot near to the street than the front outside corner of the residence on said lot.

Section 18. Sight Line Limitations. No fence, wall, hedge or shrub planting which obstructs sight lines at elevations between two (2) and six (6) feet above the roadways shall be placed or permitted to remain on any corner Lot within the triangular area formed by the street property lines and a line connecting them at points 25 feet from the intersection of the street lines, or in the street property lines extended. The same sight-line limitations shall apply on any Lot within ten (10) feet from the intersection of a street property line with the edge of a driveway or alley pavement. No tree shall be permitted to remain within such distances of such intersections unless the foliage line is maintained at sufficient height to prevent obstruction of such sight line.

Section 19. Unightly or Unkempt Conditions. The pursuit of hobbies or other activities, including specifically, without limiting the generality of the foregoing, the assembly and disassembly of motor vehicles and other mechanical devices, which might tend to cause disorderly, unsightly, or unkempt conditions, shall not be pursued or undertaken on any Lot or Tract other than in enclosed garages.

Section 20. Diligent Construction. All construction, landscaping or other work which has been commenced on any Lot or Tract must be continued with reasonable diligent to completion and no partially completed houses or other improvements shall be permitted to exist on any Lot or Tract, except during such reasonable time period as is necessary for completion. All construction must be completed within one (1) year after the date upon which it commenced, unless a longer time is approved by the Architectural Control Committee. Any damage to the streets, curbs, or sidewalks or any part of any Common Area, Maintenance Area or any utility system caused by an Owner or Owner's builder or his builder of Improvements and his Subcontractors on any portion of the Property shall keep such portion of the Property free of unsightly construction debris, in accordance with the construction rules established by the Architectural Control Committee (or, in absence of such rules, in accordance with standard construction practices), and shall similarly keep contiguous public and private areas free from any dirt, mud, garbage, trash, or other debris which is occasioned by construction of Improvements. The Board may levy a Special Individual Assessment against an Owner's property in the Project to pay for the cost of repairing any damage to trees, curbs or sidewalks or any part of any Roadway, Common Area, Maintenance Area or utility system to pay for the cost of cleaning public and private areas, including the Roadways in the Project, and to pay for the cost of the removal of garbage, trash or other debris, which are occasioned by the activities of an Owner or Owner's builder or his subcontractors during the construction of Improvements. Declarant and/or Successor Declarant will be held harmless from any dirt or mud incidentally deposited upon the streets due to typical construction activity.

Section 21. Parking.

(a) No vehicles, trucks, vans, cars trailers, construction equipment, etc. may be parked overnight on any street within the Property.

(b) Commercial-use vehicles, and trucks not involved with construction activity on the Property and with carrying capacity and/or size designation greater than three-fourths (3/4th) ton, shall not be permitted to park overnight on the streets, driveways or otherwise the Property, unless stored in an

(c) The owner of each Lot will be responsible for providing on each Lot sufficient paved parking area for all vehicles normally parked and/or situated on or in regard to such Lot.

(d) No recreational vehicles or related equipment, including any boat, houseboat, trailer, motor home, or "camper" vehicle may be maintained, stored or kept on any portion of the Property, except in enclosed garages or in an enclosure specifically approved for such maintenance or storage by the Architectural Control Committee.

(e) All vehicles must be parked so as not to impede traffic or damage vegetation.

(f) No construction office trailers may be placed, erected or allowed to remain on any Lots during construction, except as approved in writing by the Architectural Control Committee. Provided, however, that nothing herein shall prohibit Declarant from erecting or moving temporary buildings onto Lots owned by Declarant to be used as construction or sales offices. Other construction vehicles (trucks, vans, cars, construction equipment, equipment trailers, etc.) may be left overnight on the Property (including and Lot or street) only in accordance with such rules as may be established by the Architectural Control Committee.

Section 22. Governmental Requirements. Nothing contained herein shall be deemed to constitute a waiver of any governmental requirements applicable to any Lot, Tract or other part of the Property and all applicable governmental requirements or restrictions relative to the constructions of improvements on and/or use and utilization of any Lot, Tract or portion of the Property shall continue to be applicable and shall be complied with in regard to each Lot, Tract or portion of the property.

Section 23. Unrestricted Property. It is distinctly understood and agreed that nothing contained in this Article shall be taken and construed as imposing any Conditions or Restrictions upon any of the remaining land of the Declarant not initially covered by these Declarations or specifically covered by any Supplemental Declarations filed with the respective offices of the Register of Deeds of Union Counties.

Section 24. Minimum Square Footage. No home shall be built in STRATFORD HALL containing less than 2500 sq. ft. heated and less than 420 sq. ft. garage. No home shall be built with less than 75% of its exterior surface area covered by brick, stucco or stone, cedar shake, or other surface approved by the Architectural Control Committee, at a later time, subject to Article VII, Section 22.

Easements for the installation and maintenance of driveway, walkway, parking area, water line, gas line, telephone, electric power line, sanitary sewer and storm drainage facilities and for other utility installations are reserved as shown on the recorded plat. The Homeowners Association may reserve and grant easements for the installation and maintenance of sewerage, utility, and drainage facilities over the Properties as provided in Article IV, Section 1 (c) of this instrument. Within any such easements above provided for, no structure, planting, or other material shall be placed or permitted to remain which may interfere with the installation of sewerage disposal facilities and utilities, or which may change the direction of flow or drainage channels in the easements.

Section 2. Street Access. Vehicular access to the subdivision streets shall be restricted to the frontage of each lot. No easement shall be granted allowing vehicular access to subdivision streets from outside the boundaries of the Property except with the approval of the Declarant. Direct access from lots to the Fowler-Secret Road is prohibited.

ARTICLE IX
MAINTENANCE BY OWNERS

Section 1. Duty of Maintenance. Except for those portions, if any, of a Lot or Tract which the Association or an Association may elect to maintain or repair hereunder any applicable Additional Declaration, the Owner of any improved Lot or Tract shall have the duty and responsibility, at such Owner's sole cost and expense to keep the Lot(s) or Tract(s) owned by such Owner, including Improvements thereon and ground and drainage easements or other rights-of-way incident thereto, in compliance with the covenants, conditions, restrictions and development standards contained in this Declaration (to extend applicable), and in any applicable Additional Declaration, in accordance with the provisions of the Architectural and Landscape Guidelines, and in a well-maintained, safe, clean and attractive condition at all times. Such maintenance, as to improved Lots or Tract, shall include, but shall not be limited to, the following:

- (1) Prompt removal of all litter, trash, refuse and waste;
- (2) Keeping land, including any lawns and shrub beds, well maintained and free of trash, uncut grass and weeds;
- (3) Keeping all sediment resulting from land disturbance or construction confined to the respective Owner's property; and
- (4) Complying with all governmental health and police requirements.

In addition, such maintenance, as to improved Lots or Tracts, shall include, but shall not be limited to the following:

- (1) Lawn mowing on a regular basis;
- (2) Tree and shrub pruning;
- (3) Watering by means of a lawn sprinkler system and/or hand watering as needed;

- (6) Removing and replacing any dead plant material;
- (7) Maintenance of natural areas and landscaping in accordance with the Architectural and Landscape Guidelines;
- (8) Keeping parking areas and driveways in good repair;
- (9) Painting of Improvements; and
- (10) Repair of damage and deterioration to Improvements, it being understood and agreed that if any Improvements are damaged or destroyed by fire or other casualty, then within six (6) months following the date such damage or destruction occurs, the Owner of the Lot or Tract on which such Improvements are situated, must repair and restore such damaged Improvements (in accordance with plans and specifications approved by the Architectural Control Committee and otherwise in accordance with the terms and provisions of this Declaration and of each Additional Declaration applicable thereto) or remove such damaged Improvements and restore the Lot or Tract to its condition existing prior to the construction of such Improvements.

Notwithstanding anything contained herein to the contrary, the above-described maintenance responsibilities as to any Lot shall commence upon a Plat showing such Lot being recorded in the Office of the Register of Deeds of Union County and upon the conveyance of such Lot by Declarant.

Section 2. Enforcement. If an Owner of any Lot or Tract has failed in any of the duties or responsibilities of such Owner as set forth in this Article IX, then the Board, and Declarant, jointly and severally, may give such Owner written notice of such failure and such Owner must within ten (10) days after receiving such notice (which notice shall be deemed to have been received upon deposit in an official depository of the United States mail, addressed to the party to whom it is intended to be delivered, and sent by certified mail, return receipt requested), perform the care and maintenance required or otherwise perform the duties and responsibilities of such Owner as described in this Article IX. Provided, however,

that this cure period shall be extended for a time not to exceed sixty (60) days so long as Owner shall have commenced to cure such nonconformity and shall diligently prosecute the same. Should any such Owner fail to fulfill this duty and responsibility within such period, then the Association, acting through its authorization agent or agents, or Declarant (so long as it owns any portion of the Property), acting through its authorized agent or agents, jointly or severally, shall have the right and power to enter onto the premises of such Owner and perform such care and maintenance without any liability for damages for wrongful entry, trespass or otherwise to any Person. The Owner of the Lot or Tract on which such work is performed shall be liable for the cost of such work, together with interest on the amounts expended by the Association or Declarant in performing such work computed at the highest lawful rate as shall be permitted by law for the date(s) such amounts are expended until repayment to the Association or Declarant, as the case may be, and for all costs and expenses incurred in seeking the compliance of such Owner with its duties and responsibilities hereunder, and such Owner shall reimburse the Association or Declarant, as the case may be, on demand for such costs and expenses (including interest as above provided). If such Owner shall fail to reimburse the Association or Declarant, as the case may be, within thirty (30) days after the mailing to such owner of a statement for such costs and expenses, then, without limitation of any other rights of the Association or Declarant, the Association may impose a Special Individual Assessment against such Owner.

ARTICLE X GENERAL PROVISIONS

Section 1. Enforcement. The Homeowners Association, or any Owner, shall have the right to enforce, by any proceeding at law or in equity, all restrictions, conditions, covenants, reservations, liens, and charges now or hereafter imposed by the Association or by any Owner to enforce any covenant or restriction herein contained shall in no event be deemed a waiver of the right to do so thereafter.

Section 2. Severability. Invalidation of any one of these covenants or restrictions by judgment or court order shall in no way affect any other provisions, which shall remain in full force and affect.

Section 3. Amendment. The covenants and restrictions of this Declaration shall run with and bind the land for a term of twenty-five (25) years from the date this Declaration is recorded, after which time they shall be automatically extended for successive periods of ten (10) years. This Declaration may be amended during the first twenty (20) year period by an instrument signed by the Owners of not less than ninety per cent (90%) of the Lots and by the Declarant, so long as the Declarant still owns any Lots, and thereafter by an instrument signed by the Owners of not less than seventy-five percent (75%) of the Lots. Any amendment must be properly recorded. For the purpose of this section, additions to initial property, as provided for in Article II, Section 2, hereof, shall not be deemed an "Amendment."

IN WITNESS WHEREOF, the undersigned, Fairview Developers, Inc., Declarant, by virtue of the provisions of Article I, Section 6, of the aforesaid Declaration of Covenants, conditions and Restrictions, has caused this instrument to be executed by its President, attested by its Secretary, and its Corporate Seal to be hereunto affixed, the day and year first above written.
